Museo Histórico Militar de  
Cartagena: Aula Archivo Parque de  
Artillería. Plaza General López  
Pinto, S/N, Cartagena.

@WestMedStrat

Iniciativa para el Desarrollo Sostenible  
de la Economía Azul en el Mediterráneo Occidental

... un **instrumento de cooperación** innovador entre los países, las regiones y las personas del **Mediterráneo occidental** para facilitar el **crecimiento azul**, con .....

## 10 Estados

Argelia, Francia, Italia, Libia,  
Marruecos, Portugal, España y  
Túnez, Malta, Mauritania

Un espacio  
marítimo más  
seguro

## 3 Objetivos

Una economía  
azul inteligente y  
resiliente

Mejor  
gobernanza del  
Mar

# Objetivo 1: Un espacio marítimo más seguro

Garantizar la seguridad y la protección de las actividades en el mar es esencial para el desarrollo sostenible de la infraestructura marítima.

Economía, mantenimiento y creación de puestos de trabajo y para la correcta gobernanza del mar y las costas.

# Objetivo 2: Una economía azul inteligente y resiliente

La innovación y el intercambio de conocimientos son clave para abordar el cambio generacional en el mercado laboral y hacer que la región sea más sostenible, competitiva y resistente a las crisis cíclicas y las problemáticas que puedan ir surgiendo en el tiempo. Este objetivo en gran parte se basa en iniciativas existentes, como BLUEMED y su Agenda de Investigación e Innovación Estratégica, y anima a los países socios del sur a participar de una forma más eficiente

# Objetivo 3: Mejor gobernanza del Mar

Conseguir unos ecosistemas marinos y costeros sostenibles al tiempo que promuevan el desarrollo socioeconómico requiere un sólido marco institucional, legal y técnico que pueda equilibrar las demandas de recursos naturales limitados y de espacio.

# Objetivos Generales

Apoyar la implementación efectiva del **Marco de Acción**, así como el trabajo realizado por el Comité Director del Mediterráneo Occidental (WMSC).

**Asegurar una cooperación proactiva** entre el Mecanismo de Asistencia (Ecorys), la Comisión Europea y EASME, el WMSC, la Secretaría de la UfM y otras partes interesadas relevantes.

**Apoyar a las organizaciones públicas y privadas** y sus miembros, instituciones de investigación y universidades, inversores institucionales y privados, así como a promotores y otros agente interesados que deseen participar en el desarrollo de iniciativas estratégicas en la región (sub-cuenca) del Mediterráneo occidental.

# Objetivos Específicos

**Apoyo en el desarrollo de proyectos**

**Búsqueda de oportunidades de financiación**

**Diseño de una Estrategia de Comunicación**

**Difusión de resultados y actividades**

**Apoyo a la estructura de gobernanza**

**Asegurar un enlace con el Maritime Datahub EASME**

# ¿Cómo nos organizamos?

Comité Director del Mediterráneo Occidental (WMSC)

Coordinación: 2 Coordinadores Nacionales

**Mecanismo de Asistencia: The WestMED Assistance Mechanism (WMAM)**

# Equipo 29<sup>+</sup> expertos

# 29<sup>+</sup> expert team

## Central Team/Equipo Central

steer and spearhead the implementation of activities, take responsibility for the overall management and control for the quality of the work delivered.

## National Hubs

mobilise and liaise with local and national stakeholders and facilitate the local implementation of activities.

## Expert Pools

Provide hands-on expertise with regards to:

Project funding and  
development

Events and  
Communication

Monitoring of  
funds and projects

Management

4 Líneas de proyectos abiertas:

- Acuicultura / Pesquerías sostenible
- Transporte Marítimo Limpio
- Turismo / Tourism
- Innovación Hi-tech / Big data

# Proyectos e Ideas / España

## Formulario recopilatorio de Ideas de Proyectos sobre Economía Azul de la Iniciativa Europea del Mediterráneo Occidental (WestMed)

¿Es usted un investigador, gestor, administrador, empresario o un representante de la sociedad civil interesado en el desarrollo de la Economía Azul en el Mediterráneo?

¡Ayúdenos completando nuestro formulario recopilatorio de ideas de proyectos sobre Economía Azul!

Desde la Iniciativa Europea del Mediterráneo Occidental (WestMed) y, más concretamente, desde el Eje Nacional Español, nos hemos propuesto avanzar sustancialmente en el Apoyo Internacional de Ideas de Proyectos que puedan tener o estén desarrollando aquellos agentes Nacionales interesados en la Economía Azul del Mediterráneo (investigadores, gestores, administradores, empresarios, asociaciones, organizaciones, centros de formación, centros tecnológicos, ONGs o representantes de la sociedad civil).

Es por ello que hemos desarrollado el siguiente formulario, con el objetivo de recopilar quienes son los principales agentes que actualmente trabajan en la Economía Azul en España así como cuáles son los proyectos en los que actualmente están inmersos o las ideas de proyectos que puedan tener interés en desarrollar en un futuro cercano.

**Con el objetivo de mejorar, intercambiar y difundir los logros del Programa**

The screenshot shows the ENI CBC MED website interface. At the top, there are four main navigation categories: 'SMEs and business development', 'Technological transfer and innovation', 'Social inclusion and fight against poverty', and 'Environment and climate change'. Below these are secondary navigation links: 'Home', 'About us', 'Calls for proposals', 'Projects', 'Info center', and 'Contacts'. Social media icons for Facebook, Twitter, Instagram, LinkedIn, and YouTube are also present. The main content area features three call-to-action buttons: 'Call for standard projects', 'Call for strategic projects', and 'Call for capitalization projects'. Below these are the logos of ENI CBCMED (Cooperating across borders in the Mediterranean), the European Union (Programme funded by the EUROPEAN UNION), and the Regione Autonoma de Sardinia (REGIONE AUTONOMA DELLA SARDEGNA). At the bottom, three promotional banners are displayed: 'Call for standard projects CLOSED' (with a red square), 'Call for strategic projects CLOSED' (with a red square), and 'Call for capitalization projects TO BE OPENED' (with an orange square).

# H2020 – EU Research and Innovation Programme

## Estructura de H2020

- **Societal Challenges** (<https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/opportunities/topic-search>)

- i) 'Building a low-carbon, climate resilient future' with main components:
  - a) Societal Challenge 2
  - b) Societal Challenge 4
  - c) Societal Challenge 5
- ii) 'Connecting economic and environmental gains – the Circular Economy', with main components:
  - a) Societal Challenge 2
  - b) Societal Challenge 5

- **Iniciativas de Programación Conjunta (JPIs):**

Coordinar la investigación de los estados miembros para financiar la investigación, tanto desde un punto de vista temático como económico, desarrollando agendas comunes de investigación para abordar retos sociales que no pueden abordar los Estados de Manera individual:

*Healthy and Productive Seas and Oceans* (<http://www.jpi-oceans.eu/>)

- **Iniciativas Tecnológicas conjuntas (JTIs)**

Consortios público – privados a escala europea en áreas relevantes para la I+D industrial. Potencian la colaboración de la industria con el sistema público de investigación:

*Bio-based Industries* (<https://www.bbi-europe.eu/>)

Convocatorias actualmente **cerradas**.

# H2020 – EU Research and Innovation Programme

## Other calls – Security & Emerging Technologies

**SECURE SOCIETIES (OPENS 12 March 2020)– Boosting the effectiveness of the Security Union (SU)**

**Pan-European networks of practitioners and other actors in the field of security (CSA Coordination and support action) - SU-GM01-2018-2019-2020**

<https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/opportunities/topic-details/su-gm01-2018-2019-2020>

Deadline: 27 of August 2020 at 17:00 Brussels.

**SU-BES01, SU-BES02 y SU-BES03**

**EXCELLENCE SCIENCE – Future and emerging technologies (FET)**

The FET programme has three complementary lines of action:

[FET Open](#) funds projects on new ideas for radically new future technologies, at an early stage when there are few researchers working on a project topic. This can involve a wide range of new technological possibilities, inspired by cutting-edge science, unconventional collaborations or new research and innovation practices.

[FET Proactive](#) nurtures emerging themes, seeking to establish a critical mass of European researchers in a number of promising exploratory research topics. This supports areas that are not yet ready for inclusion in industry research roadmaps, with the aim of building up and structuring new interdisciplinary research communities.

[FET Flagships](#) are 1-billion, 10-years initiatives where hundreds of excellent European researchers unite forces to focus on solving an ambitious scientific and technological challenge.

**FET- Proactive** - <https://ec.europa.eu/programmes/horizon2020/en/h2020-section/fet-proactive>

Opening: 19 November 2019.

Deadline: 22 April 2020

Budget: 18 M€ (4 projects)

Topics:

- New techniques for creating and using dynamic models of environmental evolution
- Radically novel approaches to resilient, reliable, and environmentally responsible in-situ monitoring

# H2020 – EU Research and Innovation Programme

# Life programme

## Introducción

- Dos Sub-programas
  - ✓ Environment sub-programme (75% presupuesto)
  - ✓ Climate action sub-programme (25% presupuesto)
- 4 tipos de proyectos

Type	Cofund	Description
Traditional	55% (75%)	Depends on sub-programmes (Environment or Climate Action)
Integrated projects	60%	Integrated projects combine LIFE funding with other sources of support to maximise their impact over a large area (regional, multi-regional, national or trans-national). Under the environment sub-programme, these large-scale projects implement environmental plans or strategies required by specific EU laws. They primarily concern areas of nature (including Natura 2000 network management), water, waste, and air.
Preparatory projects	60%	Preparatory projects address specific needs for the development and implementation of EU environmental policy and law. The specific topics are indicated in the annual call for proposals.
Technical assistance	60%	Technical assistance projects provide action grants and financial support to help applicants prepare integrated projects.

# Life programme

## Environment sub-programme

Type	Topic	Cofund	Description
Traditional projects	Nature and biodiversity	60% / 75%	<b>Nature conservation</b> projects in particular in the areas of <b>biodiversity, habitats and species</b> . It provides action grants for best practice, pilot and demonstration projects that contribute to the implementation of the EU's directives on <a href="#">birds</a> and <a href="#">habitats</a> , the <a href="#">EU's biodiversity strategy to 2020</a> , and the development, implementation and management of the Natura 2000 network.
	Environment and Resource Efficiency	55%	<b>Areas of air, chemicals, green and circular economy, industrial accidents, marine and coastal management, noise, soil, waste, water, and the urban environment.</b> The programme provides action grants for pilot and demonstration projects to develop, test and demonstrate policy or management approaches. It also covers the development and demonstration of innovative technologies, implementation, monitoring and evaluation of EU environmental policy and law, as well as best practices and solutions. The European Commission is particularly looking for technologies and solutions that are ready to be implemented in close-to-market conditions, at industrial or commercial scale, during the project duration.
	Environmental governance and information	55%	The programme supports projects in the areas of <b>awareness raising, environmental training and capacity building, legislative compliance and enforcement, knowledge development and public and stakeholder participation</b> . It co-finances action grants for information, awareness and dissemination projects that aim to promote awareness raising on environmental matters. This includes cooperation platforms and knowledge sharing on sustainable environmental solutions and practice

# Life programme

## Climate Action sub-programme

Type	Topic	Cofund	Description
Traditional projects	Climate Change Mitigation	55%	Areas of <b>renewable energies, energy efficiency, farming, land use, and peatland management</b> . It provides action grants for best practice, pilot and demonstration projects that contribute to the reduction of greenhouse gas emissions, the implementation and development of EU policy and law, best practices and solutions. The EC is particularly looking for technologies and solutions that are ready to be implemented in close-to-market conditions, at industrial or commercial scale, during the project duration. The sub-programme also promotes knowledge sharing and integrated approaches, such as for climate change mitigation strategies and action plans at local, regional or national level.
	Climate Change Adaptation	55%	Areas of <b>resilience to water scarcity, droughts, forest fires or floods, adaptive technologies for economic sectors, and safeguarding natural resources</b> . It provides action grants for best practice, pilot and demonstration projects that contribute to increased resilience to climate change. The EC is particularly looking for technologies and solutions that are ready to be implemented in close-to-market conditions, at industrial or commercial scale, during the project duration. The climate sub-programme also promotes the development and implementation of EU policy on climate change adaptation, best practices and solutions for climate change adaptation, including ecosystem-based approaches and knowledge sharing.
	Climate Governance and information	55%	Areas of awareness raising, training and capacity building, law compliance and enforcement, knowledge development and stakeholder participation. LIFE provides action grants for information, awareness and dissemination projects on climate matters. This includes public and stakeholder support for EU policy-making, supporting communication, management and dissemination of information to facilitate knowledge sharing and cooperation platforms, promoting and contributing to more effective compliance with and enforcement of EU climate law, providing training and fostering the development and dissemination of best practices and policy approaches.

## NEWS

Indicative date for 2020 and relevant only for traditional projects have been published and are reported below:

- A) Environment sub-programme (Two-stage application process)
  - April 2020: Call open for traditional projects
  - June 2020: Submission of concept notes
  - October 2020: Pre-selection of concept notes invited to submit full proposals
  - February 2021: Submission of full proposals
  - June 2021: Information about results
  - September 2021: start of the projects
  
- B) Climate action sub-programme (Single-stage application process)
  - April 2020: Call open for traditional projects
  - September 2020: Submission of full Proposals
  - February 2021: Information about results
  
  - June 2021: start of the projects

The European Commission is organizing an information and networking day on the 2020 LIFE call for project proposals: 30 April 2020 - Brussels (<https://ec.europa.eu/easme/en/save-date-eu-life-information-and-networking-day>)

<https://ec.europa.eu/easme/en/life>

# COSME (Competitiveness of SMEs)

## General overview

### • 4 objetivos principales

- ✓ Access to finance for SMEs by providing loan guarantees and risk capital
- ✓ Access new markets, within and outside the EU
- ✓ Improving conditions for businesses: Create a business friendly environment by reducing the administrative burden on SMEs
- ✓ Encouraging entrepreneurship

### • Convocatorias **cerradas**

COS-TOURCOOP-2019-3-01: Boosting sustainable tourism development and capacity of tourism SMEs through transnational cooperation and knowledge transfer

<https://ec.europa.eu/easme/en/section/cosme/cos-tourcoop-2019-3-01-boosting-sustainable-tourism-development>

Deadline: 24 of October 2019  
Duration: 25-36 months  
Budget: 1000000€ (5-7 projects)  
Cofund: 75%

COSME-GA Grant agreement - Clusters Go International:

- [Strand 1](#): Supporting preparatory actions for the establishment and shaping of new European Strategic Cluster Partnerships for Going International
- [Strand 2.A](#): Supporting the first implementation, testing and further development of European Strategic Cluster Partnerships Going International

Deadline: 30 of October 2019  
Duration: 18-24 months  
Budget: 200000 (10 projects- Strand 1); 450000 (12 projects- Strand 2)  
Cofund: 90%

# European Maritime Fisheries Fund (EMFF)

## Información General

- Budget: 6400 M€ para 2014 – 2020.
  - ✓ Gestionado en gran parte por los Estados Miembros
  - ✓ EASME gestiona 340M€.
- Areas de interés:
  - ✓ Integrated governance of maritime and coastal affairs
  - ✓ Cross-sectoral initiatives such as integrated maritime surveillance, maritime spatial planning, marine data and knowledge
  - ✓ Sustainable economic growth, employment, innovation and new technologies within emerging and prospective maritime sectors
  - ✓ Scientific advice and knowledge for fisheries within and beyond EU-waters, covering environmental, economic or social aspects
  - ✓ Fisheries control and enforcement within a regional perspective to foster co-operation between member states

### Ocean-Monitoring - EMFF-OM-2019

EMFF-AG EMFF Action Grant, Call: Environmental monitoring of ocean energy devices.

Opening: 24 September 2019; Deadline: 15 January 2020 17:00:00 Brussels time

### 25th NOVEMBER 2019 - [New blue economy call](#)

Blue Invest Grants – 22.5M; Deadline 27 February 2020

**BLUE ECONOMY WINDOW**

**BLUE INVEST GRANTS**  
TOTAL BUDGET €22.5M

**WHO CAN APPLY?**  
Minimum **1 SME** from an **EU Member State**

**HOW MUCH CAN YOU GET?**  
**70% co-funding**  
Between **€700,000 & €2,500,000**

**WHAT ARE WE LOOKING FOR?**  
Close to market activities  
Technology readiness level: **6-8**  
Project duration: **up to 36 months**

**APPLY BY 27 FEBRUARY 2020**
